Introducing the 2023 Sydney Club Member Auction Sunday 27 August

This year relative to last year we would like to see 20 more people attend the Club Member Auction to help ensure it is a success which is the mix of attendance numbers, lots sold and fundraising for the Club.

Please pencil in the date of Sunday 27th August 2023 at the Hornsby Hall.

For those interstate, this auction will be worth doing a weekend trip to Sydney for and being the Sunday, gives you a free Saturday including evening to enjoy the other attractions on offer.

As a reminder the Member Auction is the Club tradition in terms of events as has been going since the first year of the Club and was the passion of the former President, John Corfield, and we really want it to continue.

Last year for the first time in three years the event was back and it was great to be hosting a professional slot car auction of 250 lots. The event ticked the boxes but was clearly helped by a few buyers who had deep pockets.

So this year we are having a red hot go to provide a list of auction lots that are an even better assortment of offerings than in prior years.

- We will continue with the 250 lots.
- We will embrace the no reserve lots at start that go well. These are nice \$70 or \$80 recent cars that could sell for \$40 or \$50!!!
- We will have top end, hard to find 1960s Scalextric, with reasonable reserves that you may ever again so easily get to purchase.
- We will continue with ensuring a high mix of Scalextric lots.
- We will continue with similar timings to last year, worked well as first Sunday day event. Viewing from 9am, Auction starts 10am to 3pm.
- The majority of the auction list provided earlier than in prior years.

So to help you plan for attending here are some of amazing cars available:

Scalextric C70 Bugatti Type 59 2nd Issue

Scalextric C96 Auto Union Race tuned

Scalextric E5 Aston-Martin DBR4 Marshalls Car (file photo)

Scalextric 24C/501 Ferrari

Scalextric 24C/500 Lotus 38

Some other things that will be in the auction are expected to include:

- K703 Control Centre Built (not boxed).
- C234 Control Tower and Crosswalk Built (not boxed).
- A few UK Club Weekend as well as UK Slot Car Festival/Event cars.
- A few early Scalextric catalogues
- A few Scalextric prototypes.

We hope this helps convince you worthwhile locking in the date!!!

Cheers Dominic & Committee
