

Report: 2023 Member Auction Held Sunday 27th August 2023

We wanted to share a summary as well as the sold list of lots from the day. Hopefully this reflects the enjoyment from the day which really was the case from the people that Committee Members have spoken to during the day and since. The financial success of the day was fantastic too which is very helpful for the Club given still recovering from no Auctions in 2020 & 2021.

With relatively lower number of 222 lots, we had planned for sufficient time for the special higher value auction lots spread through the auction as well as three breaks to socialise and grab some food and drink.

The morning started well with all sellers on time and buyers arriving before doors opening for viewing at 9am. From the record keeping, numbers were up on last year with estimate 49 people attending versus about 40 for 2022. Importantly and with thanks, all volunteers arrived on time and with many repeat helpers, the setup and auction kick off was straight forward.

The first 35 lots were no reserve and below photo has Lots 1 to 30, right to left. There were definitely some bargains to be had amongst these with items included a blend of car mint boxed to unboxed used, track and accessories.

The bidding was enthusiastic on many items and was hard to predict. The first couple of items to attract notable bidding were Lots 59 and 60 being the K1 Go Kart reaching \$120 and the C70 Bugatti Type 59 (2nd Issue) reaching \$540. As is the way with the Auction, some items don't sell at the hammer as fail to reach reserve but the C70 Bugatti did sell later to the underbidder.

There were two other charity lots in addition to the K1 Go Kart which collectively raised \$265 with Lot 119 Lowndsey signed presentation cheque \$65 and Lot 178 Dave Towe kindly donated BMW polo shirt \$80.

The key numbers from the day (2022 values are in brackets)

- 49 (40) people attended comprising 36 (29) Members, 4 (3) people who joined as Members and 9 (8) non-members.
- 203 (208) of the 222 (260) lots sold for a fantastic clearance rate of 91% (80%).
- Total Sales of \$16,820 (\$14,280) at average \$83 (\$69) per item.
- Charity lots 3, all sold, for proceeds \$265 (nil).
- Sellers totalled 6 (7) with thanks to Chris Lay's family, RodneyD, JohnB, HugoF, & former Member John Gill's estate.

The top 8 sold items were as follows and all bar one Scalextric items with six of the lots from the collection of Chris Lay including the top five:

1. \$1,100 Lot 180 Scalextric 24C/500 1/24 Lotus 38 (EB)
2. \$900 Lot 179 Scalextric 24C/501 1/24 Ferrari (EB)
3. \$640 Lot 120 Scalextric C96 Auto Union Race Tuned (VGB)
4. \$540 Lot 60 Scalextric C70 Bugatti Type 59 (2nd Issue) - steering needs repair. Repo box. Please inspect (VGB)
5. \$375 Lot 142 Scalextric E5 Aston-Martin DB4 Marshalls Car (EB)
6. \$360 Lot 213 Scalextric C64 Bentley. Little mould on chassis (VG)
7. \$295 Lot 88 Scalextric Scaleauto SC-5072 Tyre Truer (MB)
8. \$230 Lot 194 Scalextric C234 Control Tower Crosswalk unbuilt (EB)

Photo below includes on left the Lot 180 and Lot 179 top seller items as well as Lot 178 donated JPS polo shirt.

There were many highlights during the day which was wonderfully managed by RodneyD and Boothy as auctioneers, see photo below left. This was the first time we have been lucky to have Boothy share the role with Rodney and the different styles was a welcome addition to the night.

There are many important roles from others too and we'd like to thank Andrew for helping as Auctioneer Assistant on stage, Rod with Dom as Cashiers. Lastly but not least we had front of house and kitchen volunteers being Peter, Roland, Roger and Johnny. There was one other high profile volunteer role which Jason kindly managed again this year. This was the person holding up every auction lot when it's bidding starts, photo below right.

There were many happy and smiling faces on the day and from feedback of Members there are expectations are to do it again in 2024.

As shared with Members before the event we needed the auction to grow in attendance, sales and also strongly contribute financially to the Club. From the results and initial review with limited Committee discussion it has done all this. So hopefully there are more Member Auctions to come.

Thanks to Members and supporters of the Club for attending, it is greatly appreciated with some travelling from NZ and up from Victoria via plane, train and automobile! If you want, share your feedback via email to Dominic.

Part of the success of this auction appears to be the high-quality lot listing of which Chris Lay's 70 lots were a huge part of. The event also seemed helped by the lot listing issued a month earlier than usual, 7 weeks before the event. So thanks to all for the event being a great day out enjoying slot cars!

Please read on the next six pages for the list of auction items with sold prices.

To the list of results from the Auction. Firstly, the 19 unsold lots are: 44, 47, 50, 54, 57, 62, 68, 78, 99, 132, 141, 148, 149, 151, 152, 154, 155 and 156.

With Lot 91 withdrawn before auction. Please see July Club Lines or website auction listing for details of these lots.

The listing with sold prices is as follows and covers the next six pages with about 35 lots per page shown:

Lots 1 to 32 on this page were part of the first 35 lots with no reserve.

To end the report we include some action shots with Jason and Steve during the enthusiastic bidding with Bill on Lot 192 Monogram Dodge Charger #12 that sold for \$165. And Cashiers Dominic and Rod happy the day went well!

Cheers Dominic and Club Committee
