## **Introducing the 2024 Club Member Auction on Sunday 11th August**

The Member Auction last year was a huge success seeing more Members and their slot car mates attend, many lots sell and enjoyable socialising. This was good news as an important Member-focused event and Club fundraiser. With the Sydney Swapmeet done, this is next big event in Sydney after the Annual General Meeting is held.

Expectations for the event should be similar to last year, again aiming for 230 to 250 lots and the Auction is held during the day on Sunday.

We are very keen for Members to get in touch who want to sell some interesting slot cars at the Member Auction, ideally with minimum 20 lots to offer.

This initial update is focused on the auction planning and timings and ask:

- If you are interested in being a seller get in contact with Dominic,
- If you are from interstate then consider a Sydney weekend away, &
- If you are interested in a great day and buying some cars mark Sunday 11<sup>th</sup> August in your calendar now!

Expected timings for planning (similar to 2023 & 2022):

- May journal: This first proper update & seeking Member requests to sell.
- Jun journal: Progress update on seller list as all seller requests will be received. Confirmed sellers will be expected to submit their list of auction lots for consideration of inclusion during June.
- Jul journal: Preliminary auction list with some photos. Update for sellers and Members attending as buyers. Call for volunteers.
- Aug journal: Final auction list and arrangements included. Will be at least three weeks before auction. Also included on website.

Please get in touch if you have 20-30 lots to auction. Otherwise more next month! Cheers Dominic and the Committee
